The stock market isn't a product of the primal instincts, but they can be useful in realizing the best way to act. "Trading From Your Gut: How to Use the Right Brain Instinct & Left Brain Smarts to Become a Master Trader" is a guide to combining logic and gut impulse to make wise trading decisions that can help a trader rise up and become a master trader. With chapters on reading other traders, learning from their mistake, using logic and intuition, "Trading From Your Gut" is a top pick for those who don't think ignoring their gut makes for the wisest trades.
